The tobacco association is pushing its canvass vigorously. The development as to the market and the big sale in the West is arousing the greatest interest. Growers and buyers are aroused, but the farmers are determined to adopt a system that will give them better prices for their tobacco. Most of the tobacco in the northern half of the county is pledged, and the canvass is being pushed rapidly into Powhatan and adjoining counties. Public meetings are held at school houses and groups of five and ten or more canvassers follow these meetings and go from house to house and secure the pledges. Buyers in Virginia are now endeavoring to buy the crop pledged the association, just as it has been done in the West.
Mr. C. N. Stacy will speak at Cartersville, Cumberland county, on Friday night, November 23d, in the interest of the tobacco association.
